Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

- 1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.
- 2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.
- 3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library park and playground and school.
- 4** A "Yellow Section" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.
- 5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

HILL DIRECTORY CO., INC., Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1953 edition of the Fayetteville City Directory, which also includes Bonnie Doone, East Fayetteville, Lakedale, Massey Hill and Myrtle Hill. A new feature, the listing of telephone numbers, marks this edition.

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments (Each department beginning with Page 1)

The four major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fayetteville and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Fayetteville. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Fayetteville, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. A special feature of this section is the designation of tenant-owned homes. A new feature is the listing of telephone numbers.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fayetteville and vicinity.

The Fayetteville Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of the Fayetteville Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FAYETTEVILLE AND CUMBERLAND COUNTY

(Information compiled by Fayetteville Chamber of
Commerce)

GOVERNMENT:

The City of Fayetteville is governed by a five-man City Council, one member of which serves as Mayor and is elected by the Council. The Council employs a City Manager to administer business affairs and to supervise the various departments.

Cumberland County is governed by a Board of County Commissioners. Law enforcement is under the Sheriff's Department.

The City of Fayetteville has a Police Department composed of 70 members under civil service. Likewise the Fire Department is composed of 44 members under civil service. The city is rated by the National Board of Fire Underwriters as Grade 4, and most of the requirements have been met for Grade 3. Three modern fire stations are maintained.

Other municipal departments include: Sanitary and Street Department; Engineering Department; Building Inspector's Department; Public Works Commission, which controls the Light Department and the Water Department; Municipal Airport Commission; Civil Service Commission; Parks and Recreation Commission; Parks and Recreation Department; Tax Department.

ORGANIZATIONS:

Chamber of Commerce.
Junior Chamber of Commerce.
5 service clubs (Rotary, Kiwanis, Lions, Civitan and Exchange).
Woman's Club.
Business & Professional Women's Club.
Chapter of Beta Sigma Phi.
Numerous patriotic and fraternal organizations and auxiliaries.
America's second oldest independent military organization.
7 garden clubs and city garden club council.
3 banks (1 local and 2 branch).
3 building and loan associations.

INDUSTRY:

Estimated employment in industry, 5,100.
Estimated weekly payroll, \$190,000.

AGRICULTURE:

Estimated value of cotton crop, \$2,100,000.
Estimated value of corn crop, \$1,313,880.
Estimated value of tobacco crop, \$3,250,000.
Estimated value of all crops, \$9,250,000.

RETAIL DISTRIBUTION:

Approximately 700 establishments.
Annual sales, \$45,718,000 (city) and \$52,100,000 (county).

WHOLESALE DISTRIBUTION:

Approximately 80 establishments.
Annual sales, \$29,174,000 (city) and \$35,700,000 (county).

City population, 1950 U. S. Census, 34,715.
Estimated population, metropolitan area, 50,000.
County population, 1950 U. S. Census, 96,006.

CHURCHES:

67, representing 14 denominations.

FAYETTEVILLE

(Courtesy Fayetteville Chamber of Commerce)

HISTORIC FAYETTEVILLE

Fayetteville was settled on the banks of the Cape Fear River at the mouth of Cross Creek in 1739, by Scotsmen, who named the place Campbellton. About a mile from Campbellton on upper Cross Creek a grist mill was built in 1765. A village grew up around the mill, and the trading center which resulted was called Cross Creek. It was thus named because of a phenomenon of nature, two creeks crossing each other practically at right angles, the waters of one running under the waters of the other. The phenomenon later was destroyed by the building of a dam and mill on one of the creeks. In 1778 Campbellton and Cross Creek were united. When the community was incorporated five years later, the town was named Fayetteville, thus becoming the first American settlement to be named in honor of the French General Marquis de Lafayette, who had been of such valuable service to the American Colonies during the Revolutionary War.

On June 20, 1775, more than a year before the Philadelphia Declaration of Independence, 39 Cumberland County patriots adopted resolutions of independence and pledged themselves to the defense of American Liberty. These resolutions were written and signed first by Col. Robert Rowan. The resolutions became known as the Liberty Point Resolves, and the spot at which the patriots met is known to this day as Liberty Point, and it is suitably marked with a plaque bearing the names of the patriots.

The Fayetteville Independent Light Infantry is the second oldest military organization in America, organized in 1793. The first captain was Robert Adam, who died in 1801 and is buried in Cross Creek Cemetery. The F. I. L. I. was a member of the noted "Bethel Regiment," taking part in the first battle of the War Between the States, June 10, 1861. Its members have taken part in every war which our country has been engaged.

A disastrous fire occurred in Fayetteville on May 29, 1831, destroying almost the entire town. The loss has been estimated at from \$1,000,000 to \$1,500,000.

The center of Fayetteville's historic life, the State House, originally was built about 1780. The General Assembly met there in 1788, 1789, 1790 and 1793. There the Federal Constitution was adopted in 1789, and the charter was granted for the University of North Carolina, America's oldest state university. In that same year, land for the State of Tennessee was ceded by the General Assembly. The great fire of 1831 destroyed the building, and the present structure was erected about 1838. This also has been called the Town House or Town Hall. After the War Between the States, it came to be known as the Market House, because meat and produce were sold there under its Moorish arches.

The curfew bell in the old Market House has rung regularly for more than 100 years. It originated as a signal that all slaves must be in their quarters by 9 P. M. If found on the streets without a pass after the curfew, they were lodged in jail until released by their masters. Children were expected to be under the parental roof before the curfew rang. The Market House bell still rings the breakfast call at 7:30 each morning, the dinner bell at one o'clock, and the sunset bell at exactly the sunset hour, besides sounding the curfew at nine o'clock.

The old Cool Spring is another historic spot of early Fayetteville. This spring supplied the inhabitants of part of the town with drinking water. On a marker placed there by the Colonial Dames of America is the old legend that whoever drank from this spring would always return. The Fayetteville Independent Light Infantry held their annual meetings there.

Overshadowing the spring is the Flora MacDonald Oak, where the Scottish heroine stood when she reviewed the Highlanders on the "march out" after they had set up their standard at the Town Square in Cross Creek early in 1776.

In 1838 the U. S. Arsenal was built on Haymount, the ground occupying forty acres. At the beginning of the War Between the States the Arsenal was captured by the Confederates, and here small arms were manufactured. It was completely destroyed by Sherman in March, 1865. One of the two markers there is built with some of the old foundation stones.

Fayetteville has the distinction of having two Confederate monuments. The one in Cross Creek Cemetery, erected Dec. 30, 1868, was the first in North Carolina, and one of the first in the South. The monument on the site of the old Court House on James Square was unveiled May 10, 1902.

Located here is the Confederate Woman's Home maintained by the State and the North Carolina Division, United Daughters of the Confederacy.

Noted for its churches and church life, Fayetteville and vicinity proudly claim a number of the oldest Presbyterian churches of North Carolina. The First Presbyterian Church, on Bow Street, was founded in 1755 and organized in 1800. The original edifice was burned in the fire of 1831. Its foundation and walls were used for the present structure, which was built and dedicated in 1832.

Three early Presbyterian churches—Longstreet, Bluff and Barbecue—are the oldest in the upper Cape Fear Country. They were organized Oct. 18, 1758, by the Rev. James Campbell, native of Scotland, who is buried on the east side of the Cape Fear River.

St. John's Episcopal Church was organized April 8, 1817, with the Rev. Bethel Judd, D. D., as the first rector. In June of that same year the foundations of the building were laid by the Masonic Order, and the church was dedicated in April, 1819. This first structure was burned in 1831. The present church was soon rebuilt on the old foundations.

Many other outstanding historic spots in and around Fayetteville will appeal to visitors, as well as numerous sites of modern progress. Myrtle Hill, on which the new Veterans' Hospital is located, once was the estate of Judge Robert Strange. Remnants of the old Confederate breastworks thrown up during the War Between the States are still visible on the grounds, and also a part of the old canal running along the Cape Fear River.

McNeill's Mill, which until recently stood on the corner of Old and Green streets, was built in 1764, and was in continuous service for 175 years. The Masonic Lodge at the head of Mason Street has records as far back as 1788, and probably was chartered by the Grand Lodge of Masons of Scotland in 1760. The second session of the Grand Lodge of the State was held here, Governor Samuel Johnston being the Grand Master.

MODERN FAYETTEVILLE

Location and Transportation

Fayetteville is located at the head of navigation on the Cape Fear River, with an eight-foot channel to the coast. Petroleum products make up the bulk of the freight handled on the river at the present time. In addition, there is some transportation of sand and gravel by barge. Fayetteville is served by three railroads and several motor-freight lines for freight; and by one main-line railroad and three bus lines for passenger service. Air transportation is available at the modern Municipal Airport, with twelve flights per day. Located on two of the most heavily traveled north-south main highways (U. S. 301 and U. S. 15-A), Fayetteville is a convenient stopping point for tourists, who find excellent accommodations in the local hotels, tourist homes and tourist courts.

Industry and Agriculture

Over a period of years, agricultural activities have been of prime importance in this section of North Carolina. The biggest development in this connection in recent years was the establishment of a tobacco market in 1946. At the present time there are two tobacco warehouses, where the chant of the auctioneer rings out in all its traditional color during the market season, which lasts for about two months beginning in the early part of August. These local warehouses have a combined total of approximately eight acres of floor space. During the 1951 tobacco season, this

market sold 9,994,950 pounds of tobacco for an aggregate price of \$5, - 053,793. In addition to the tobacco market, Fayetteville has a cotton market and a live stock market. The live stock market handles annually approximately 20,000 animals and pays out approximately \$825,000. In recent years, industrial activities have come more and more to the front, and the industrial payroll is now estimated to be about \$11,000,000 annually.

Military

Fayetteville is the home of Fort Bragg, one of America's largest and most important military installations. It also is the home of the 82d Airborne Division, "America's Guard of Honor." This division was located at Fort Bragg prior to going into combat and returned to its "old home" covered with glory and honors earned during the struggles of World War II. With the separation of the Air Force from the Army, Pope Air Force Base was established on the reservation, occupying the location formerly known as Pope Field. Headquarters of the Ninth Air Force is located at Pope Air Force Base.

Commercial

With the post-war improvement of existing stores and with the addition of new stores, both chain and local, Fayetteville is becoming more and more popular as the shopping center of southeastern North Carolina. Virtually all items found in the larger cities now can be found in Fayetteville at prices which are in line with those of the larger shopping centers. Fayetteville has grown in recent years to become the seventh largest city in North Carolina. It is the largest city between Charlotte, N. C., and the Atlantic Coast, and between Raleigh, N. C. and Columbia, S. C. The trade area extends approximately 35 miles north, 50 miles east, 75 miles south, and 70 miles west, and in this area there is an estimated population of 500,000.

Housing and Recreation

Housing and recreational facilities have been overtaxed more than anything else in recent years, but progressive programs in both these fields are beginning to show favorable results. Present home and apartment construction has reached a new high, and it is probable that more family units will have been completed in this community in 1953 than during any previous year. There are 22 municipal parks and recreational facilities, including two municipal swimming pools, one for white and one for Negroes. There are two country clubs, with tennis, golf, swimming, dining and dancing facilities. Five regular theatres and seven drive-in theatres furnish entertainment in the motion-picture field. Two U.S.O. clubs provide recreational facilities for service men and their families. Other recreational facilities include bowling alleys and skating rinks. Fayetteville is in the Class B Carolinas Baseball League, the Fayetteville Athletics being a farm club of the Philadelphia Athletics. Several nearby ponds and lakes furnish quiet recreation for those who enjoy fishing. Large and small game provide excitement and recreation for the local and visiting nimrods.

Government

Fayetteville is the county seat of Cumberland County. The county is governed by a Board of Commissioners, and the city has the council-manager form of government. The five-man Council elects one of its own members as Mayor.

Utilities

Urban bus service, telephone service and gas are furnished by private companies. Water and electricity are furnished by the Public Works Commission, except that large consumers of power are permitted to deal directly with the Carolina Power & Light Co. The municipally-owned modern filter plant has a normal capacity of 5,000,000 gallons per day, but this can be increased 50% without undue strain. In addition, an older plant with a capacity of 3,000,000 gallons per day is maintained for emergency use. The source of water is springs arising from adjoining sand

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

hills, and three lakes are used as reservoirs. These lakes have a storage capacity of 320,000,000 gallons. Two elevated storage tanks have capacities of 1,000,000 gallons each, and a clear-water reservoir has a capacity of 1,500,000 gallons. The water plant is surrounded by a veritable garden, with rolling green lawns, flowering plants, and evergreens. Glenville Lake mirrors the surrounding cypress and tall pine trees in a peaceful setting. Water pouring over the spillway creates a sparkling waterfall which flows among the rocks, between lacy green weeping willows, and hundreds of multi-colored azaleas. The rose garden contains many varieties and colors to delight the eye, and there are many smaller beds of hydrangeas, gladioli, jonquils, dahlias, and other flowers. Dogwood trees dot the landscape, in addition to several varieties of evergreens. Visitors always are welcome to inspect the modern filtration plant, and to enjoy the flowers in season.

Education

Fayetteville long has ranked high in the education world. One of the first graded schools in North Carolina was started here by Dr. Alexander Graham, father of Dr. Frank P. Graham, and for whom the present Junior High School is named. The handsome new high school building is one of the finest in the state. Greater Fayetteville now has seven graded schools, one junior high school, and two senior high schools for white children. There are three graded schools, one junior high school and one senior high school for Negroes. In addition the oldest state normal school for Negroes in the U. S. is located here. Founded in 1877, it has enjoyed phenomenal growth. It is now called the State Teachers College. Nearby are several other institutions of higher learning—Presbyterian Junior College, at Maxton; Flora MacDonald College, at Red Springs; Pineland College, at Salemburg, and Edwards Military Institute, at Salemburg.

Climate and Altitude

Mean annual temperature	67.7° F.
Average annual low	44.9° F. (January)
Average annual high	79.4° F. (July)
Average annual rainfall	48.1 inches
Altitude above sea level	174 feet

Periods of extreme cold in winter (15° to 30° F.) and extreme heat in summer (88° to 98° F.) are of short duration. Riding and golf can be enjoyed the entire year due to the moderate climate. Numerous azalea and camellia gardens and wisteria decorate the community each spring, and Mother Nature is extravagant with the variety of colors each fall. Annual events of interest to visitors include the Camellia Show, the Flower Festival, the Fall Flower Show, a dog show (American Kennel Club-approved), and a dairy cattle show.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CASHIERS! TELLERS! — CLERKS! —

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

WHY A BUYERS' GUIDE ?

★ *It is customary to include a Buyers'*

Guide in the City Directory because :::

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

A Grandfather Talks To His Grandson!

“Young Fella, I Can Remember 'Way Back Before the Days of Electricity”

“Yes sir, son, you're living in a wonderful age. Your Mother doesn't have half the work your Grandmother used to do. . . . Your Mother does everything by **ELECTRICITY** . . . and another thing, son, the savings your Mother makes by being an electrical user will amount to enough to send you to College.”

“Yes sir, you're a lucky fella, living in this modern **ELECTRICAL AGE**.”

CASHIERS! TELLERS! CLERKS!*Do your employers furnish you with the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for **either** advertising or subscriptions.

CASHIERS! TELLERS!

CLERKS!

Do your employers furnish you with
the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

STREETS

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you
- you can quickly find the answer in the City Directory.

HILL'S FAYETTEVILLE

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including Bonnie Doone, East Fayetteville, Lakedale, Massey Hill and Myrtle Hill.

1953

Copyright, 1953, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

**CITY DIRECTORY
ADVERTISING
IS *National* ADVERTISING**

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory
is seen by buyers from coast-to-coast**
